Dear Ms. Levinson,

This letter is in regards to your canned "All Things That Are Good" broth that I purchased at a local grocery store on April 1, 2014. Originally, when I purchased this broth I did not notice a dent in the side of the can. When I opened the can of broth there was an immediate, sour odor. The broth also appeared extremely viscous with a white cloudiness. I checked the expiration which was set at June 10, 2015.

Obviously, I did not use the broth for fear of getting sick. I saved the broth product if your company wishes to run tests, and I would like for you to make this situation right. I have been a loyal customer for many years and I trust that you will do everything in your power to make this situation right.

Thank you for your attention to this issue.

Sincerely,
Meredith Palmer
